

Cal ENA Membership Report

August 2007

Ellie Encapera RN Chair

These are the most current totals for our 12 active Chapters and overall total for the California Council as of August 2007. Our state membership reached the highest state total in the nation in June, just in time for delegate selection.

The national office is changing their membership database, assigning all members to local chapters by their mailing address zipcode. I will alert you when this transition goes live, probably in 2008.

This year's California Delegation is the largest in the nation representing 2692 members. We will meet this fall in Salt Lake City, Utah to represent you the members as we debate and vote on vital issues that affect your practice. We hope you are planning to attend the Scientific Assembly immediately following the General Assembly.

Spread the word to educational coordinators that this committee prepares Cal ENA mailing labels for approved buyers for educational event announcements. **Encourage them to advertise in your local and state newsletters.**

Regarding "unassigned members": When someone joins ENA for the first time and does not indicate a chapter preference, they are assigned to a chapter based on geographical location. If any member chooses to change their chapter affiliation for any reason, just notify the Membership Services Office at National by calling 1-800-2-GET-ENA. Remember that any member may choose to belong to any one chapter within a state (3 tiered) by request, through the National office.

If your sponsoring a new member, tell them what chapter number to write on their application according to their address or personal chapter choice.

To receive timely communications and optimal membership services, we encourage all members to keep email & mailing addresses current with the National office. **Only the individual member may make address, email and chapter preference requests** with the national office on line at www.ena.org
