

# Cal ENA Membership Report

## January 2009

Ellie Encapera, RN Chair

These are the most current totals for our 12 active Chapters and overall total for the California Council as of January 2009. Monthly lists of No Chapter Assigned (NCA) members are immediately assigned to a chapter by their zipcode mailing address and sent back to National. The California Chapter Locator by Counties can be found on the Cal ENA website [www.calena.us](http://www.calena.us) check it out to see where you belong.

Regarding “NCA members”: When someone joins ENA for the first time and does not indicate a chapter preference, they are assigned to a chapter based on their mailing address and zipcode location. The national office assigns all new members to local chapters by their mailing address zipcode. IF you wish to belong to another chapter, outside your assigned area, you must do so by requesting another chapter and updating your membership information at the national website [www.ena.org](http://www.ena.org)

For timely communication and optimal membership services all members should always keep their membership, email & mailing addresses current **with ENA’s National office.** Only the individual member can update or change their personal information, email address and chapter preference with the national office which filters down to state and local listings.

Cal ENA’s 2009 state membership campaign “Up for Grabs, Again” will be scaled down to a total of 50 memberships purchased. Distribution to each chapter will begin in January via written request by Chapter Leaders and only three awards will be distributed before a remaining ten awards will be “up for grabs” after the initial batch is returned. The remaining 4 awards will be retained for special distribution, as designated by the Board. Each Chapter is strongly urged to **match this gift** and double our totals by awarding additional free memberships from their chapter funds.
