It’s turning into another exciting year for Cal ENA. We’re making our presence known at the Capitol, organizing with other national associations and we are even on Face Book. As we grow and expand and continue to make a difference for our nurses and our patients in California, it is the voice of our membership in Cal ENA, your voice, that drives us on the Board of Directors. So here is a small snapshot of what we are doing for you.

Legislative Day in Sacramento is coming up soon and I urge all members planning to attend to call and schedule an appointment with their Assembly and Senate representative. CFED West will be back in Palm Springs this May, and the Education Committee is planning a one-day event this June 8th in Fairfield. This offering will focus on many aspects of sepsis. Cal ENA is co sponsoring a convention this summer with the International Association of Hospital Safety and Security (IAHSS). ENA’s Immediate Past President AnnMarie Papa, DNP, RN, CEN, NE-BC, FAEN and Associate Executive Director for National Preparedness, Dee Grimm, RN, JD, will be our two nurse speakers.

ENA National Assembly will be held in San Diego this fall. This is a great opportunity for all Cal ENA members to come to the conference, though I realize some of us need to stay home and man the ER. If you want to be on the California delegation, go to the website www.calena.us for details. We use a point system; so make sure you are attending meetings at your chapter level.

This snapshot is small and incomplete. There is so much activity going on in the chapters, TNCC and ENPC classes all over the state, and so many more plans growing within the state council that it is impossible for me to mention them all here. I will go back to my usual battle cry... Membership! Renew your membership. Show this issue of the monitor to your friends and colleagues at work. Get others to join Cal ENA. Go to the website often and see what’s going on. Get your CEN (I’m working on mine). The more active you are, the more we (the state council) can do for you through your voice. The more of you there are, the louder that voice will be. We are the nurses, the trusted, the advocates. Let’s all stand together and be heard and have another great year.

editor@calena.us
The first meeting of the 2012 State Council was held in January at The Hyatt Fisherman’s Wharf in San Francisco. Here are some of the highlights of the meeting.

President’s Report
Marcus stated his top 3 goals for 2012 are: 1) Education, 2) Government Affairs, and 3) Membership. With this in mind he shared his thoughts about conducting a study on Workplace Violence—perhaps in collaboration with CalACEP and CHA. Someone suggested reaching out to researchers in academia with a PHD student willing to take this on as a research project. The issue will be assigned to a committee for further evaluation and discussion. The Injury Prevention committee is willing to take on the task and look at best practices and definitions of violence. To show that ENA is ready to take action, Marcus suggested we establish a reserve fund to enable the state council to send up to 2 ENA members to take part in a disaster response. It was noted that there are already established disaster response teams in the state. Perhaps we could have a rep come and speak at a future state council meeting. This might clarify where we could be of most assistance.

Concern was raised about members leaving before the State Council is over. Please remember to schedule your flights at least 2 hours after 4pm when the State Council usually ends. We want everyone’s input.

Treasurer’s Report
The budget has been revised to accommodate the five meetings this year. Committee budgets have been increased 20% and some other monies are up. Some funds never got spent, so we are going to come out ahead. Net worth now $446,000!

Delegates
Louise Hummel has revised the delegate forms for 2012. They are available on the website. Applications are to be submitted to Louise by June 5.

Bylaws
Terri has updated the bylaws and they will be posted soon on the Cal ENA website.

2012 CFEDwest
The registration is now open for this year’s conference to be held in Palm Springs May 20-24. Due to changes in the conference schedule, the Board meeting will be held on Sunday, May 20 at 1600 and the State Council will be on Monday, May 21. Go to their website for conference and hotel info: www.cfedwest.com.

EMSA Task Forces
STEMI Task Force - Susan Smith is our rep on this task force. The regs should come out for public comment by July, they will look like the Trauma guidelines. Jan Ogar is our rep for the Stroke Task Force.

GAC Workshop
Linda Rosenberg and Kristen Connor attended the workshop in Washington DC in January.

Cards for Judy Kelleher, our founder
Each chapter has been assigned a month to mail a card to Judy. Her vision is not what it used to be but she loves receiving the cards in the mail. Her address is:
10711 Thornton Rd #132
Stockton, CA 95209

Northern LA Committee
They are moving along with 45 members and monthly meetings. They are on track to become an official chapter this year.

State Achievement Award
Our application was submitted on time by Marcus and we won again this year!!

National Updates
Marcus discussed a new position that National would like us to have: Media/PR Chair. The person who takes on this role will be mentored by a rep from National. Diane St. Denis, Kristen Connor, and Cheryl Cobb expressed an interest in serving on this committee.

Matt Powers will be our National liaison for this year. Elections will be open in May for next year’s board and there will a Candidate’s Forum at the Leadership
Conference in New Orleans.
ANA has officially recognized ED nursing as a specialty.

**IAHSS Symposium**
We have been asked to be a sponsor of this conference to be held July 26th at UCLA and July 27th at Stanford. They want us to provide speakers for the conference and Marcus has agreed to do so.

**EMSAAC Conference**
The conference will be held on the Queen Mary in Long Beach on June 5 and 6th. The brochure will be available on our website.

**2011 Annual Report**
Each chapter should have submitted their Annual Report to National by Jan. 31st.

**Chapter News**

**Antelope Valley** continues to meet monthly and recruit members. They are doing a Safe Sitter class and having a Poppy Festival. Ten of their members just passed their CEN!

**Channel Islands** will have a chapter meeting the week following the state council meeting. They are hoping to schedule an ENPC class soon. They continue to have geographical challenges throughout their county. Facebook is working well for them in regards to communicating with their members. Cheryl Cobb represented ENA on a local news channel regarding misleading advertising about ED wait times.

**East Bay** had a recent presentation by Reach Air at a meeting.

**Greater LA** recruited 20 new members. Their Dec. meeting was well-attended. The board has set goals for 2012 and will have a 2 day EDAP conference in October.

**Inland Empire** has had a tremendous response to their T-shirt sales. Their conference, “Timely Topics” is scheduled for March 30th.

**Kern** The chapter decided to have a vacation from meetings last December due to the holidays. We held our first 2012 meeting last January 10th. We are currently in the works of planning our first educational offering of the year. I am glad to report that we have gained 2 additional ENPC instructors from the last instructor class that Marty Hay and her group had put together in San Diego. We are hoping to create a bigger pool of instructors to be able to serve and give our emergency nurses in our area the education they need without having to travel miles and miles away that costs a lot of money. Officers of 2011 have been reinstated to the same position due to lack of voting participation. But I am glad to announce that Susan Laverty, has graciously accepted to be president-elect for 2012.

**Loma Prieta** celebrated the holidays with a well-attended potluck and gift exchange. Their Annual Update-Wild Thing, Dare to Go There is scheduled for March 15th.
**Mid Valley** is in transition with their board. Erin has been appointed to be President-elect for next year and will hold another chapter meeting in March.

**Orange Coast** has 2 new board members in addition to Flora and Christine.

**San Diego** held their annual Holiday Tea, which was well-attended. Toys were collected and donated to Toys for Tots at the event. Their annual 911 Conference is scheduled for April 20th. Requests have been sent out for applications for the spring scholarships that are awarded by the chapter.

**San Francisco** Rachel is president . . . again. Last year’s president got deployed and the president-elect went to Africa, so we have a few new board members. Our plan is to hold a pediatric educational event this fall and perhaps more disaster educational events. At our last meeting, we had a vendor sponsor the meal.

**Sacramento** If you are interested to help with Legislative Day, please contact Kristen Connor at Kcon-norena@gmail.com

**Superior** has been working to reinvigorate the chapter due to geographic challenges. They are exploring the use of Skype and social media to communicate with their members. A grant submission is in place for a CEN Review course. They have plans to offer an ENPC instructor class following the State Council meeting in Chico in November.

---

**Leadership in New Orleans**

California was well represented in New Orleans last month at the ENA National Leadership Conference. Many flew in early for the Mardi Gras celebrations while some came strictly for the conference, but none of us left without feeling the magic of New Orleans.

Cal ENA was presented with the State Achievement Award again this year, an award we have won every year since its inception. It was wonderful to have so many California nurses present to see us accept the award. During the opening session it was also announced that our own Judy Scott, EMS Chair, has been accepted into the Academy of Emergency Nursing. Congratulations Judy.

Thursday night 2000 emergency nurses marched through the streets of New Orleans in our own police escorted parade down St Charles. Lead by a marching band and followed up with a 7th Ward Second Line, we marched 2 miles to Generations Hall for the best opening night party I’ve ever been to, and I hope you feel it too.

During the Candidates Forum we found out that our own Matt Powers is running for National Secretary/Treasurer and Ellie Encapera is running for Director. Elections start in May and we urge all of you to vote. Remember that voting in both the national and state elections gives you a chance to win a free registration to one of the national ENA conferences.

I’m often asked, “What do I get from my membership in ENA?” and now all I have to say is, “I got to go to Mardi Gras.” Pictures of the event will be on our Face Book, California Emergency Nurses Association fan page.

*Marcus Godfrey*
Committee News

Education
The Committee met and discussed the upcoming educational conference to be held in Fairfield on June 8th. Still working on a title for the conference; focus will be on sepsis.

Hannah Bezanson

ENAF
Thanks to the San Francisco chapter for donating the gift basket for the opportunity drawing that raised almost $250 at the January State Council meeting.

Diane Schertz

Government Affairs
I am pleased and honored to have been selected to be the Chair of the Government Affairs Committee. I had never thought of myself as a political person but in 2008, I had the wonderful opportunity to attend the ENA Government Affairs Workshop in Washington D.C. I was so impressed and inspired by the political process that I’m excited to have the opportunity to lead in this exciting role. I will definitely need some help here though and encourage everyone to share information and provide feedback to the committee.

At our recent meeting in S.F., we discussed a few hot topic items. Here’s a brief overview of some of the legislation that we are following:

- **AB 695**: had to do with changes in the existing helmet laws for motorcycle riders. California State Council wrote a letter of opposition last year and it failed to pass when voted on recently. Yea!
- **AB 861**: has to do with establishing a Stroke Registry for California. This is one we may support and we are following this closely.
- **AB 1245**: has to do with Emergency Medical Responders, (EMR). This is a bill has changed a lot over the past year and is very controversial among EMS constituent groups. At this time it is on our watch list.
- **AB 1387**: has to do with Chapter 13 of Title 22. It has been dormant for awhile but may become active again. This is a watch.
- **SB 63**: has to do with AEDs and gathering data. We will likely support.
- **SB 336**: has to do with Ed overcrowding. The California State council wrote a letter of support last year and we continue to follow its progress.

As of many of you may know, the bill that would have continued the Board of Registered Nurses sunsetted December 31, 2011. The Governor vetoed the bill at that time. Since January 1, 2012 the Board has been operating as the Registered Nurses Program. Recently legislation was introduced, SB 98, and is back on the Governor’s desk for his approval. The California State Council sent a letter of support on this bill.

Please join us in Sacramento at our Legislative Visit Day on March 14, 2012. (Mark, can you put a link in here for people to RSVP?)

Until then, if you have any exciting news to share you can contact me at LaRae9274@aol.com.

Kara Davis

Injury Prevention
The child passenger law changed to the minimums for a child to sit in a car without a booster seat to 80# and 4’9”. CDPH sent out flyers and gave approval for agencies to place their logo on the flyer. You can go to their website for a copy of the flyer at www.CDPH.ca.gov/vosp.

Patrice Christensen

Leadership in Practice
Succession planning was discussed along with development of managers, creating methods to orient new nurses, challenges with electronic charting, triage systems, ongoing issues with psychiatric patients and jails releasing prisoners early.

Julie Rossie

Membership
I want to thank the Board of Directors for appointing me as the Membership Chairperson. I will be providing the Chapter membership totals as well as providing information to the Chapter Representatives at each State Council meeting. I look forward to meeting the Chapter Representatives at the Sharing Session before each State Council meeting. We focus on what works
best, share successes, and enhance our association process. If you have any questions or concerns regarding membership, recruitment or retention, please feel free to contact me at tstugill6@yahoo.com. See you at the next meeting!

As you can see from the chart, membership has fallen a little from our high last summer. Try to get your coworkers to come with you to Leg Day and the March State Council to see ENA in action.

I still request that chapters and committees email me with reports after each meeting, so we can share it with the rest of the membership. Articles on current topics are especially welcome. There is a request for a job ad in the next issue, so we could have some revenue. There is a position open for a paramedic/firefighter educator in LA County. They know how to target the right audience.

Mark Wandro

Pediatrics

National ENA supports the use of intraosseous devices by RNs (INS position statement). California Pediatric Readiness Project survey is available for participation. Encourage all hospitals to take the survey at this website: www.pedsready.org

This confidential online survey, a partnership between California EMS, Harbor UCLA and NEDARC, is based on the 2009 national guidelines for Care of Children in the ED.

The new car seat law was effective on January 1, 2012. Children are required to ride in the back seat in a properly secured child passenger restraint until at least 8 years old or at least 4’9” in height. Injury Prevention will be sending out revised car seat flyers.

Revised Broselow resuscitation tapes are available in 2012 with new 2011 AHA guidelines.

CPEN Review book is now available for purchase

ENPC Instructor Course was held on Nov 12, 2011. Six participants completed the course, representing North, South and Central California. Central Regional Directors completed Faculty status.

Goals for 2012 focus on improving and promoting ENPC with committee sponsored instruction courses, mentoring and clarification of Reg Director roles and territory.

Committee sponsoring two instructor courses:
Feb 17 in Palm Springs and Nov 10 in Chico to coincide with State Council meetings. The best place to find available ENPC courses is on the national ENA web site under States and Education.

Newsletter

The year 2011 closed on a positive note for your Cal ENA publications. Four issues were published and the web site was upgraded and maintained. No ads were sold for the Monitor this past year, but we came in under budget, due to the huge decrease in printing and mailing costs. I have been printing only 40 copies for distribution at State Council meetings. Three hard copies get mailed to the few who requested them, including Judy Kelleher. I did purchase the latest version of Microsoft Office to keep Word and Publisher up to date. I hope everyone knows how to find the website and the Monitor. The latest Monitor is usually within a month of the next meeting.

Terri Sturgill
Government Affairs Workshop in DC

Goals for 2012 focus on improving and promoting ENPC with committee sponsored instruction courses, mentoring and clarification of Reg Director roles and territory.

The Committee is sponsoring two instructor courses: Feb 17 in Palm Springs and Nov 10 in Chico to coincide with State Council meetings. The best place to find available ENPC courses is on the national ENA web site under States and Education.

*Flora Tomoyasu*

EMS/EMS Commission

The EMS Committee would like to remind all hospitals to review your Emergency Plan. Do you have contingencies for water shortages. At this date California could have water problems later this year. Think about water usage throughout the entire complex - surgery, hand washing, sanitation, cooking. This is just a beginning. The time to plan is now! The time to make emergency arrangements is now.

*Judy Scott*

Trauma

National ENA workgroup is trying to create an electronic application process for TNCC.

We have achieved 100% customer service satisfaction results in a survey of California instructors. And we have money in the budget that will be returned to the board. New budget estimate for 2012 is $61,000. This year we did five courses for underserved regions. We have audited four hospitals for TNCC/ENPC courses. We may have found a person for the last Regional Director position. And we are looking into QI issues related to out-of-state instructors teaching here without reporting them to the board. We are also checking for those instructors whose status has expired, but are still teaching courses. We plan to have more “drop in” visits to courses next year. New tools were developed to evaluate courses for persons who wish to be instructor evaluators.

*Gail Dodge*

ENA Goes to Washington, D.C.

On January 28, 2012, Government Affairs committee members and chairpersons from around our great country assembled for the 6th annual GA Chairs Workshop. The weekend was filled with great opportunities for learning, sharing of ideas and networking. Attendees were given tools for educating legislators at the local, state and national level; rally-ing local and state GA committees; and even public relations through various forms of media.

This workshop information was designed to be presented over 2 years, but several attendees had been to all six workshops. At the conclusion of the second day, we were all prepared to hit Capitol Hill running. Attendees were placed in groups of three or four people. Most groups had appointments scheduled to visit US Senators and Representatives for whom they were constituents. Members of Congress are very busy, so typically the meetings were with the Legislative Director, Legislative Aid or Health Aid. These staff members were generally knowledgeable about the subject matter, attentive and very supportive of our issues. The biggest issue, of course, was the non-existent 2012 budget and the general shortfall of funding.

With every visit, staff members were given a folder of ”leave be hind s”; a folder of information summarizing the issues discussed and ENA’s Public
Policy Agenda, 2011-2012. The issues discussed related to funding for Emergency Medical Children's Services (EMSC), funding for Substance Abuse and Mental Health Services (SAMHSA), and to ask support for AB 2245/ SB 296 "Preserving Access to Life Saving Medications Act" regarding critical sterile injectable drug shortages. On my visits, I also requested that the members join the House or Senate Nursing Caucus if they had not done so already.

This was my first time in Washington, D.C. and I planned to make every moment count. During the workshop I took more notes than I had paper for. I came up with ideas for ways to update and help our own GAC in California run more efficiently. I started planning our lobby day for March 2012. And the people I met were amazing. My free time was filled with tours of monuments, museums and historic government buildings. Most striking were the words of Thomas Jefferson and Abraham Lincoln inscribed on their monuments. The most touching was the Vietnam Women's Memorial depicting three nurses tending to a wounded soldier. Every site was breathtaking and invoked strong feelings of patriotism.

When having dinner with Linda Rosenberg one night in Georgetown, we witnessed Vice President Biden leaving the same restaurant with his entourage of secret service agents. I felt like I was on a movie set. Moments later, I saw Senator Diane Feinstein (D-CA) sitting a few tables away. I asked the waiter to give her one of my business cards thanking her for supporting nurses. Senator Feinstein promptly made her way to our table to speak with us and share a few minutes. When I told her we were meeting with her Health Aid the next day she said she would try to be in her office at the same time. Sure enough, she was true to her word. Proof that U.S. Senators are approachable and just as human as we are.

On Monday, Linda and I teamed up with Ted Rashkes from Oregon ENA for the congressional visits. In California we are spoiled. All the legislator's offices are in the Capitol building. Not so in Washington, D.C. House and Senate offices are on either side of the Capitol and take up several city blocks. This equates to a lot of walking. Fortunately that day it was warm and sunny. After our first visit, a very excited Congressional Fellow escorted our team through the Senate and House private subway system connecting the Capitol building. This is not a typical occurrence. Our visits were productive and well received. I definitely feel that all the training and support I received from the workshop provided me with the confidence to speak out for our issues and our patients.

Kathi Ream, Director, Government Affairs, warned us that experiencing D.C. in the way we were about to embark would be life changing. She was absolutely correct. Some people feel that our country is in shambles and coming to an end in the near future. I would like to believe that this is not the end, but the beginning of a bright and exciting future. I intend on being part of that future.

I would like to pay respect to our founding fathers for creating a government where ordinary citizens, like you and I, have a voice. I would also like to thank the ENA Board of Directors and the Executive Director, Susan Hohenhaus, for giving us the support and opportunity to share our voice with this nation's leaders.

Kristen Connor

TNCC / ENPC Courses
Some local California courses are listed on the Cal ENA web site: www.calena.us

For the most up-to-date course information, go to the national ENA web site and click on Courses & Education, then CATN-ENPC-TNCC, then open the map and click on California. Please confirm dates with course directors.

CEN Review Classes
Some local California courses are listed on the Cal ENA web site: www.calena.us

Call one of these providers for their next class:
Selfridge, Sparger, Shea (800) 270-2500
CME Associates (714) 998-2208
Paragon Education (800) 997-9937

March 2012  Page 9
California Members as Committees Members
by Kristen Connor

Did you know there are thirty-two committees and special interest groups (SIGs) in ENA? The opportunity to work on any of them is there. For most there is an application process, and the member is selected and approved by the ENA Board of Directors. Over 400 applications were received last year to work on them and only 83 people selected. Others, like the Nominations Committee, are an elected position. Either way, it is in the committees where a lot of the organization's work is done. Members make committees, and committees make ENA. Vince Lombardi once said that, "Individual commitment to a group effort—that is what makes a team work, a company work, a civilization work."

California has more members than any other state, often trading that distinction with Texas. However, the number of California members who are currently serving on ENA committees far exceeds Texas. There are 14 members from California who have been selected by the board or voted for by the national membership. It is an honor to serve, and the role is taken seriously by all. Most meetings are held by conference call. The first call of the year was held recently for orientation to the committee manual, documents and TeamSTEPPS. Some of the committees will meet face-to-face this year at Leadership Conference, Scientific Assembly and ENA headquarters in Des Plaines, Illinois.

I would like to recognize your national ENA Committee members from California for 2012:

Vicki Sweet, MSN, RN, CEN, CCRN, FAEN- Academy of Emergency Nursing, Chair; Sherri-Lynne Almeida, DrPH, MSN, MEd, RN, CEN, FAEN-2012 Annual Conference Committee, Chair; Janis Famholtz-Provinse, MS, RN, CNS, CEN-Clinical Pratice Committee, Chair; Linda Rosenberg, BSN, RN- ED Crowding Committee; Cheryl G. Campos, PhD, BSN, RN- Emergency Nurses Wellness Committee; Deborah P. Henderson, PhD, MA, RN- Institute for Emergency Nursing Research Advisory Council; Denise A. King, MSN, RN, CEN- International Delegate Review Committee; Cheryl Wraa, MSN, RN- Journal of Emergency Nursing Editorial Board, Senior Clinical Editor, and Position Statement Review Committee; Cindy Lefton, PhD, RN- Journal of Emergency Nursing Editorial Board; Kristen Connor, BSN, RN, PHRN, CEN- Membership and Component Relations Committee; Lucy Henley, RN, Student Nurse- Membership and Component Relations Committee; Louise Hummel, MSN, RN, CNS, CEN- Nominations Committee, Chair; Marlene Nadler-Moodie, MSN, APRN, CNS, APNA- Psychiatric Patient Education Product Development Work Team; Michael J. Vicioso, MSN, BSN, RN, CPEN, CCRN-Pediatric Committee, Chair.

You can earn one (1) CE, at no cost, for reading the Monitor. After reading the newsletter, complete the evaluation below and email to:

Hannah Bezanson: hjbezena@gmail.com

You will receive your CE certificate within 90 days by mail. Provider approved by the California BRN Provider #10609 for 1 contact hour.

Objectives:
After reading the Monitor the reader will be able to:
1. Be familiar with our Jan State Council meeting.
2. Catch the excitement of Leadership in New Orleans.
3. Discuss ENA Govt Affairs activities.
4. Know selected committee activities.
INSPIRE WITH YOUR EXPERIENCE.

The UCLA Center for Prehospital Care is the leading emergency and prehospital academic center on the West Coast. In LA County alone, we work with over half of the fire departments. We invite you to join our extraordinary team and impact prehospital emergency care and education:

Fire Department Nurse Educator, Per Diem
Working 24-40 hours per month, you’ll provide three continuing education classes each month, conduct direct field observations, review patient care reports, and handle quality improvement projects. Tuition sponsorship for ACLS and PALS Provider & Instructor courses is available. Requires a current California RN license; past or current LA County MICN certification; 2+ years of clinical experience in an emergency department; AHA CPR and ACLS Provider certifications.

For more information, please visit www.cpc.mednet.ucla.edu/cpc/about/employment or contact Rosa Calva, Personnel Manager, at rcalva@mednet.ucla.edu or 310-312-9318.
Next Meeting

Wednesday, March 14, 2012
Leg Day: 9am-3pm
Board Meeting: 4-7pm

Thursday, March 15, 2012
State Council Meeting: 9am-4pm

at

Hyatt Regency Sacramento
1209 L Street
Sacramento 95814
