TOPIC	WHO	NOTES
<b>Welcome</b>	Kathy	
<b>Topics of Discussion</b> <ol style="list-style-type: none"> <li><b>1. Resolutions vs topics for discussion with the ENA delegates</b></li> <li><b>2. Photographing or videotaping healthcare workers</b></li> <li><b>3. Safety restraints when transporting children</b></li> <li><b>4. Pain contract for drug seeking behavior</b></li> </ol>	All	<p>Kathy gave an overview of the new format for general assembly in 2015. In response to general assembly delegates in 2014 to devote more time to discussing important practice issues, the 2015 format will be revised to experiment with a new way to share information and raise awareness of practice issues. The 2015 general assembly will hear proposed resolutions as well as have group discussions on specific practice issues. The leadership/practice committee discussed which of our practice issues we wanted to bring to the general assembly as resolutions and which would be discussion issues. The following was decided upon:</p> <ol style="list-style-type: none"> <li>1. Photographing or videotaping healthcare workers- Practice Issue to be discussed</li> <li>2. Safety restraints when transporting children- Resolution- Volunteers for writing this resolution are Janet Williams and Kathy Van Dusen</li> <li>3. Pain contract for drug seeking behavior- Resolution The resolution for the drug seeking behavior would be to ask the ENA to sign on as a supporter to “Safe Pain Medicine Prescribing” document sponsored by California ACEP. Volunteers for putting</li> </ol>

TOPIC	WHO	NOTES
		this resolution together are Agnes Faria, Carla Schneider, Terri Arruda, Kathy Van Dusen, Jeremy Elrod, Karen McDonald
