It was my honor to represent the California State Council and its members at the funeral of Judith Kelleher who was a co-founder of our amazing Emergency Nursing Association (ENA). Together with members of the National Board of Directors, Judy (as we fondly called her), was remembered for all of her contributions to emergency nursing through stories and experiences shared by nurses who knew her well and worked side by side with her. She has touched the lives of thousands of nurses across the Country and lived to realize her dream of having Emergency Nursing recognized as a specialty. I was honored to say a few words at her service to let the family know that California ENA was honored to have known Judy and we are especially proud to say that she practiced most of her career in our State. It will be our responsibility to continue the journey that was started by this visionary and assure her family that Judith Kelleher’s legacy will be kept alive through the organization she founded.

On a happier note…I would like to thank everyone who attended the January State Council meeting in Temecula! What a wonderful turn-out of nearly 70 nurses with several first time attendees. We were blessed with warm weather and a lovely room that faced the vineyards of the beautiful Ponte Inn. The morning started off with multiple hot air balloons floating across the landscape and one even landing a short distance from our view. Despite the potential distractions, the morning went well with nearly every Chapter having representation and sharing what is happening at the local level in our State. There was a lovely lunch on the patio of the vineyard followed by our State Council Meeting. Our Education Committee is busy organizing a weekend “educational cruise” following our State Council meeting in November and the Government Affairs Committee is busy organizing Legislative Day in Sacramento this March, just to name a few of the events this year. Be sure to check out the calendar of events in the newsletter and “save the dates” as we look forward to a very exciting year.

1/2 page: (7 x 4) $450
Whole page: (7 x 8.5) $800
The State Council Update

The most recent meeting of the 2012 State Council was held in January at the Ponte Vineyard Inn in Temecula. Here are some of the highlights of that meeting.

Treasurer
Budget approved, it came in 99% of 2012 budget. We have a surplus of $17,000. Please submit chapter spreadsheets to Kristen and Mary Joseph – our accountant, their emails are on the forms on the web.

Continuing Business
Cal ACEP met on January 16 in Yosemite, they are trying to get the BRN to reverse its opposition to RNs using Propofol in Conscious Sedation.
CHA Trauma, next meeting in March

STEMI Task Force - comments made, public comment upcoming. New regs to come out next year.
Stroke Task Force, in progress, look for Jan's report at next meeting.

Judy Kelleher went to the hospital on January 3 with a UTI and dehydration. Now she is in a SNF in Stockton. When she is stable, she may have to transfer to a SNF in Jackson to be near her daughter, Patti. (Unfortunately, after the meeting, Judy passed away on January 24.)

Monterey group applying to be a chapter - had a bigger (10) turnout in November. We will let them make the decision to contact the State Council to move forward in the process. They would have to be a temporary chapter for a year to show they are viable.

Violence Study - Marcus says they tweaked the survey today. Feasibility study in Ventura in March, then to go out to more in state and then we will be able to set up a database. Ed is working on database. Can be a good outreach to hospitals in your chapter to get them to take part. It is about "taking a picture" so we can describe violence in EDs.

ENA Intensive - Terri and some chapter members are in Chicago now - Jan 11-12.

Meeting dates set for this year’s State Council, see box on page 2.

National elections to start in May. The Candidates Forum at Leadership in Ft. Lauderdale will be on a live stream.

Delegates for Nashville, see adjustments to the application form, which will be posted on the web site by April 1. Print clearly and provide your current email address.

Deena Brecher is our 2013 liaison from the national ENA board.

State Achievement Award application was submitted again on time.

Passed around a form for members to fill in chapter and committee reports. This is a new idea to get more accurate information into the minutes and newsletter. You can see this reflected in the reports in this issue. We will do this at every state meeting.

Let Linda Rosenberg know if you are not getting official Cal ENA emails. She and Tobin run the Elite email system and they update email addresses.
Chapter News

Channel Islands will meet in February to finalize the 2013 meeting schedule. We will also discuss the educational event we plan to hold in conjunction with the State Council meeting in our area in August. We are planning an educational/chapter meeting co-sponsored with Genentech on Stroke Center training. 2-3 of our members will attend Leadership in Ft. Lauderdale.

Ed Pulido

East Bay Our immediate past-president, Louella, and our president-elect, David, are in Chicago for the ENA Intensive. We are getting Susan Fitzgerald to present on Disaster Response at an upcoming meeting. Our next Board meeting is Jan 16.

Christine Salogub

Greater Los Angeles just had a board meeting where we discussed goals and plans for 2013. New board members are posted on the Cal ENA website. We are planning a Fall Conference for October in collaboration with Whittier Presbyterian Hospital. We will be ordering sweatshirts to sell at the conference as a fundraiser. We still have San Diego Annual Assembly pins available at $10 each. Our next meeting will be on January 23 at Kaiser Downey. The rest of our meeting schedule for 2013 is pending confirmation from the individual facilities. There will be CEs offered for most meetings.

Barbara Van Eck

Inland Empire Al Duke will be the 2013 President. Our meeting place has a venue change – moving from Redlands to Banning, with hopes of attracting more member attendance. We are currently discussing subject matter for our annual Timely Topics educational event. Dates have yet to be determined.

Vicki Dippner-Robertson

Kern County had a successful ENPC class in late 2012 with help from Marty Hay. We obtained a course director and 3 new ENPC instructors. This has resulted in a closer and better collaboration with area hospitals. We have scheduled an Ultrasound class by the Stanford Group for February 18. We highly encourage RNs to register – details on web. We have some new and some recycled officers for 2013. Meeting dates have been posted on the web.

Agnes Faria

Loma Prieta had a very successful sponsorship of the film The Waiting Room in San Jose with 50 in attendance and 2 CEUs were granted. There was a Q&A with the producer afterwards.

Everyone had a great time at the Holiday Dinner and white elephant gift exchange. Calendar dates were set for this year’s monthly meetings, a few locations are still pending. First meeting of the year was on January 17. Our Annual Education Update has been scheduled for April 18 – IV Ultrasound insertion and other topics.

Julie Rossie

Northern LA (460) - met in October at Holy Cross. Got nominations for 2013 officers. A new person, India Bryck will chair the membership and communications committee. We are looking into fundraisers and increasing participation.

Vicki Johnson

Orange Coast Upcoming CEN Review and Emergency Nurse Update on Jan 26-27 for only $125 with great new speaker. Info is posted on the web site. Chapter met Jan 11 to set up calendar for 2013. Chapter meetings will be in January, April, July and October. Our focus will be on fundraising and member involvement.

Kathy Robidoux

Sacramento We are in the process of scheduling the Sacramento Educational Event – a one day (proposed for March 19) sim lab pediatric event at Sac State Lab. There will be four simulation scenarios and vendor-supported vascular access stations - vein transillumination, IO, ultrasound-guided IV and subcutaneous rehydration therapy. This year we are handing out CPEN books to all EDs in the chapter, with a flyer for the event. We have been using conference calling successfully for our chapter meetings.

Marcus Godfrey

San Diego had a great turnout for our Annual Tea and Toy Drive last month. The food and company were wonderful and we collected multiple bags of new toys for infants and toddlers which we delivered to Rady’s Children’s Hospital. Our Annual 911 Conference is scheduled for April 19. We have some great topics and excellent speakers planned. Our first meeting of 2013 is next week and we’ll install our new officers and set our goals for a fantastic year.

Dianne Idman-Gervais, Pres-elect 2014
San Francisco  We have had pretty good turn outs at the last two chapter meetings, around 10 people at each. Rachel made a Yahoo account for the chapter with all our members’ emails. We think it will be easier to set up our own account for chapter emails rather than having to depend on the state secretary to send out emails for the chapter. We will be having a chapter meeting on Jan 16 at SFGH. We are going to work on a certification recognition event in the spring. We are hoping to have a brunch with an educational/motivational speaker, and currently most of the sponsors are lined up. We are also hoping to have some public safety event in the fall. Rachel is slowly trying to get the new board up and running, and we may actually have a change in our president from Adam Luna to Cheryl Randolph.  

Rachel Perry-DeCarvalho

Superior  – Last year’s board renewed itself. Next meeting will be a social on Jan 23 from 7-8pm in the Fireside Lounge at Feather River Hospital, 5774 Pentte Rd in Paradise. RSVP: staciecrain1@msn.com. Some of our Chapter CENs will be there to help with questions on the testing blueprint that folks may have before they take the test. A CEN Refresh and Review was held on Jan 18-19 at Enloe Med Center.

Stacie Crain

Committee News

Newsletter/Web

Printed copies of the Monitor are available at State Council meetings. You can also download it from the web site. We no longer are giving 1CE for reading the Monitor, almost no one used it. Please continue to send me info about your chapter or committee, so the reports in the Monitor are correct. You can reach me at editor@calena.us

Next deadline is April 10, for the May issue. The web site is being kept up-to-date. The home page features a picture from Judy’s funeral. There is a link to our 2013 officers, a link to the SurgeWorld site to practice your pediatric triage skills, and to our Cal ENA Facebook page. There are links to current educational events that our members sponsor, links to other organizations that impact us, and many of the forms and documents that you need to function within this organization. Plus all the chapter and committee websites are being maintained as I get input from you. Please utilize the new forms that will be distributed at State Council meetings to write out your report. This is a big task and I am beginning to look for new talent to take over in the near future. If you are interested in being the editor or webmaster, let me know and the mentoring will begin.  

Mark Wandro

Press Secretary

The first press release on Judy Scott's induction led to an article in a Stockton paper. Next, Diane wants to do a press release about Anita Ruiz-Contreras, about the State Council naming a scholarship after her.  

Send news to Diane St. Denis: dianestd@mac.com

ENAF

Thank you to the San Diego chapter for the donation of three items for the opportunity drawing at the meeting in Temecula. We raised $388 for the ENAF. This will be forwarded to ENAF when the State Challenge begins later this year. The Foundation staff has been having quarterly conference calls with the state fundraising chairs to facilitate sharing of ideas. The next call will be on January 15. Plan on the Jewelry Auction in Nashville at the Annual meeting in September. Finally, a big thanks to the Education Committee for thinking of the Foundation in planning the November event.

Diane Schertz

Leadership in Practice

The committee focused on networking and collaboration on practice issues or concerns. In the Open Forum, there was discussion on challenges with staffing, creative processes were shared by attendees. There was a suggestion to allocate funds, possibly from scholarships, to fund ED RNs to attend State Council for the first time. There was also a discussion on limits placed on ED RNs in administering propofol in Procedural Sedation and we recommended that Cal ENA collaborate with the BRN to update their Procedural Sedation statement.

Julie Rossie
Committee News

Education
Matt Powers is speaking at UCSD’s California Trauma and Resuscitation Conference in San Diego Jan 24-26; Conference in Daly City on Jan 25 by Terri Foster - we provide CEs and event is free; Ventura Conference being planned for August, in afternoon prior to State Council; November Educational Event will happen on Nov 22-25, a Carnival cruise for CEs - to Ensenada and back. The web rate is cheaper than group rate, so it will be unofficial. (now $289-329 plus $46 taxes. Early booking is cheapest.) You will have to register for the cruise and CEs separately. There will be a speaker from Trauma and Peds. Some fliers are available, check Education page on web. There will also be an ENAF social hour. You can get off the ship in Ensenada from 9-6 without a passport.

MW for Tobin Miller

Membership
Welcome 2013!!! I look forward to the growth of the State Council this year! Let’s encourage those that we work with the importance of belonging to their professional organization and the benefits they will encounter as being part of ENA.

MW for Tobin Miller

Injury Prevention
Discussed update of new law requiring car seat discharge instructions. A flyer with information to provide parents was available at the meeting and will be posted on the web on the Injury Prevention site. The revised Violence Study developed by Marcus was reviewed. It will be on Survey Monkey. The plan is to meet an implementation time frame of August 2013. Tasks being undertaken include: updating the hospital contact list; identifying a database manager; complete the required information for IRB approval; and funding – Marcus is meeting with EMREF and CHA.

Julie Rossie for Patrice Christiansen

Trauma
Think of Trauma as a resource for trauma education in your hospital. Sixteen members met January 10 in a retreat to do the business of the committee and have a round table discussion. At State Council, the plan is to have a more educational meeting on current trauma topics for new people.

MW for Gail Dodge

Pediatrics
The committee reviewed our accomplishments for 2012:
- one new state faculty;
- two ENPC-sponsored instructor courses with ten new ENPC instructors;
- rollout of Version 4 ENPC;
- donating $2,000 to State Council.

We are sponsoring an ENPC Provider and Instructor course in Hemet in the first quarter of 2013. There
was discussion on how hospitals implement Pediatric Readiness. The best practice is to identify an RN and MD champion for Pediatrics. An article was distributed on how to talk to children about school shootings. The committee agreed to provide an hour Peds presentation for the November Cal ENA cruise.

Flora Tomoyasu

EMS Committee
The EMS Committee meeting had reports from the EMS Commission, The Directors Advisory Group, The Stroke and STEMI Task Forces and the HICS Revision Committee. The EMS Committee spent most of the meeting discussing the proposal to initiate the concept of "Community Paramedics" in the State of California. Much of the focus addressed this thought - why spend the money to train paramedics in this job when there are many new graduate nurses looking for work? While new graduates do not have the experience of a working paramedic, their education makes them better prepared for working and educating the public on healthcare issues such as medication compliance and preventative care.

Judy Scott

Government Affairs
Legislative Calendar: see printout, session just opened

www.leginfo.com

SB 55 - Ignition Interlock – Activated by blowing into a breathalyzer to start your car – is not an impressive safety measure, and it counts on local government to fund it (not going to happen). We supported this initially, but we should speak up and say we will oppose it unless the funding issue changes. Does research show that it really works? Work-around is to have someone else blow into it for you. Maybe it should have a finger-print biometric to be sure the right person blows into it. Oppose unless amended.

AB 49 - Breast Cancer license plates. Doesn't fit in our ENA priorities, cancer is a disease, not about injury prevention. Individuals may support this independently.

SB 49 - School Safety plans, seems more about fiscal responsibility than actual safety. Watch.

Gun Control - There are many bills out about firearms. Our issue is safety - gun safety programs - not banning or controlling guns. See ENA's Talking Points on Gun Control.

AB 5 – Rights of Homeless People, an attempt to prevent discrimination. They should not be forced to go to shelters. The problem in LA is that EDs are not supposed to DC them to the street. Watch.

AB 11 – Provides for employers to allow reserve police officers/volunteers 14 days off for rescue training. Volunteer firefighters already have this. It would allow people to do community service. Should apply to RNs. Probably aimed at getting more volunteers. May support.

Military-to-EMT - Bill in process, no number yet, would transition/bridge ex-military medics to bypass all or part of paramedics/EMT training programs. It would be a way to challenge certification. Watch.

SB891- enacted in 2001, set up a trial study to let free-standing Cath Labs do PCIs without cardiac OR backup. It is due to sunset and Cath Labs want to extend it. Research in other 48 states shows it is safe, but California wants to do its own research. This affects 6 California hospitals who were part of the initial study. Title 22 needs to be amended to allow this to happen. We voted to write a letter to give our support. Marcus will write the letter to send to Dr. Balmer. Kathy Robidoux is the point person.

Legislative Day - Marcus, Kristen and Kara are planning for March 20. Flyer on web site.

Kara Davis
Several Cal ENA members were at Judy's funeral in Livermore on Feb. 1, including: Judy S, Mark W, Linda B, Linda R, Diane StD, Matt P, Anita R, and Diane S.

Nightengale Pledge
Taken by RNs when Judy graduated.

I solemnly pledge myself before God and in the presence of this assembly, to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care.

A young Judy as a Nurse Cadet during WWII

Judy’s casket was adorned with flowers, her San Joaquin General cap and gown and an ER Nurse “Pass me now, see me later” sticker.

Original EDNA roadrunner logo.
On three cold, rainy days in January, four Cal ENA members attended ENA’s “Emergency Nursing Advocacy Intensive” in Chicago while Cal ENA regulars met in Temecula wine-country! Louella Buell, Cheryl Graydon, David Samuelson, and Terri Sturgill represented our State. The weekend began with an evening reception at ENA Headquarters, which provided an opportunity to tour the office, meet and greet friends from around the country, and see the historic code cart!

ENA President JoAnn Lazarus welcomed us and introduced her newly-coined word, “advocatism.” According to her definition, each of us should ask, “What can we do as Emergency Nurses?” Every day, each of us has the opportunity to advocate for ourselves, our patients, and our profession. Advocatism exists on many levels; not just at a State Council or National level, but at a personal and organizational level. JoAnn presented the three focus areas of the new 2013-2014 Public Policy Agenda: safe environment, scope of practice, and timely access to care. All of Cal ENA’s priorities fit nicely into one of these three areas. More help from ENA will be forthcoming, in the way of talking points and resources to support our State in aligning our public policy agenda with the agenda of our national organization.

ENA Executive Director Susan Hohenhaus showed us the importance of public relations and media training as a way of getting our organization’s message and priorities out to the general population. ENA’s new Chief Advocacy Officer, Richard Mereu, whose office is in Washington, DC, provided an overview of the challenges professional organizations will face in the new political environment.

We met with public policy representatives from the American College of Emergency Physicians (ACEP), the American Nurses Association (ANA), the American Association of Nurse Anesthetists (AANA), and the Association of periOperative Registered Nurses (AORN), where the effectiveness of collaboration was stressed. From the local chapter to our respective national organizations, clearly unity is power. The message: find common goals, partner with other professionals, use each other’s logos and signatures to be advocates for a safe environment, scope of practice, and timely access to care.

(Right in the action! It’s Friday night, and Emergency Nurses from around the country head to Gino’s East to enjoy some real Chicago deep dish pizza.)

Rita Anderson, ENA Government Affairs Committee, provided help on “The How-To” of advocating. Remember...all politics is local. She suggested we know our representatives; have a wide network of ENA members involved throughout the State; have members “on-call” near the State Capitol and local legislatures to advocate for Emergency Nursing, since often elected officials have little advanced notice of when a particular bill might be heard or voted upon.

Dr. Lisa Wolf, Director of ENA’s Institute for Emergency Nursing Research, stressed the importance of measuring the outcomes of our advocacy initiatives. A hot discussion topic was felony assault on nurses. By itself, legislation is not an intervention. As professionals, we should look for specific tactics to reduce the prevalence of violent behavior. Cal ENA is headed in the right direction through our state-wide violence survey. We should also pay close attention to what other states have done and what outcomes they have measured.

Kathleen Conboy, ENA Government Affairs Committee, summarized ways to create an advocacy plan. A state-wide plan does not need to focus solely on legislation. For example, what are things every member can do to influence safe practice and safe care in their own institutions? Any plan should begin at the most local level, and it should fit within the framework of ENA’s Public Policy Agenda: safe environment, scope of practice, and timely access to care. We can advocate as institutions in many ways: violence mitigation training, new graduate nurse preceptorships, overcrowding and surge capacity plans, boarding of admitting patients, screening alcohol and drug abusers, and complex case management, just to name a few.

ENA President-Elect, Deena Brecher (who is the Board Liaison to California this year), summarized by asking each State to do two things: align our advocacy plans with the three national goals - safe environment, scope of practice, and timely access to care; and identify professional partners with whom we share common ground.

Louella, Cheryl, David and Terri thank you for the opportunity to represent Cal ENA in Chicago, and are looking forward to visiting our legislators in Washington, DC, in May!

David Samuelson
Nursing is a calling, a lifestyle, a way of living. Nurses here today honor Judith Kelleher and her life as a nurse. Judy is not remembered by her 60+ years as a nurse, but by the difference she made during those years by stepping into people’s lives…. by special moments:

When a calming, quiet presence was all that was needed,
She was there.

In the excitement and miracle of birth or in the mystery and loss of life,
She was there.

When a silent glance could uplift a patient, family member or friend,
She was there.

At those times when the unexplainable needed to be explained,
She was there.

When the situation demanded a swift foot and sharp mind,
She was there.

When a gentle touch, a firm push, or an encouraging word was needed,
She was there.

In choosing the best one from a family’s “Thank You” box of chocolates,
She was there.

To witness humanity---its beauty, in good times and bad, without judgment,
She was there.

To embrace the woes of the world, willingly, and offer hope,
She was there.

And now, that it is time to be at the Greater One’s side,
She is there.

Judy Kelleher, we honor you this day and give you a white rose to symbolize our honor and appreciation for being our colleague.
