California Hospital Association presents

The 4th Annual Emergency Services Forum

Here's what attendees had to say about last year's program:

"Hospital Emergency Panel discussing the challenges we are all experiencing and offering to make contact, sharing of information was phenomenal."

"Good discussions of changing the future. Things we measure will need to be more directed in overall well-being of the patient and the health system."

"I learned so much about improving transition of care in the ER and how to control overcrowding in the ER."

CHA's Emergency Services Forum focuses on issues and solutions specific to emergency departments.
